Alternate Solutions to Everyday Stress

Level 3

83 Woodbridge Avenue, Sewaren, NJ 07077 732-750-8767 connect@comfortandbalance.com

Why Take Level 3?

The Third Degree Reiki Training is the last and ultimate attunement as a practitioner. Whether looking to solely use Reiki to speed up your healing journey and improve your life or looking to create a profitable wellness business, level 3 is a must. Level 3 is designed to increase your healing abilities and intuition, enhance your connection to universal energy AND boost your confidence as a practitioner.

I see a lot of Reiki 3 practitioners who are not confident, not skilled and certainly not ready to be practicing on the public. Practitioners must be aware of the deep responsibility to ethics, to the law, and to their clients, when working with higher levels of energy. Our class is designed to give you what you need to have a professional practice, set up shop AND help you to have excellent boundaries and ethics when working with clients as well as family and friends.

Prerequisites:

- Completion of Reiki Level 2 with enough time passed to ensure confidence and readiness in skills (from any lineage)

Inter-requisites:

- Between Parts A and B you will be assigned reading, asked to practice on people and document those practices, continue with self Reiki practice and be required to do one session on Nikki.

Level 3 Reiki Training Includes:

- Receiving the Third Degree Reiki Attunement, which includes another symbol
- A refresher on precepts and symbols learned so far
